Sat Jan 6th
 This day comes in with a moderate
 gail from the NW & fog lying
 to under lower main topsail heading
 to the NE employed mending the
 2 staver boats finished Bailing
 at 10 am & finished stowing &
 down the oil at 5 pm 48 shells
 also finished mending the boats
 so ends this day

No Cals

Sun Jan 7th
 This day comes in quite moderate from
 the NW some heavy & light fog set
 main & Gallant sail steering S & E at
 11 am came in thick fog with light rain
 wind about N & NW at 3 pm took
 in lower fore topsail moderate with fog
 & rain batted down the Hatches
 Barometer 29.40 at 8 am took in the main
 topsail cleared up & commenced to haul
 a heavy gail so ends

Lat $43^{\circ}27'$
Long $49^{\circ}48'$

Mon Jan 8th
 Fore part of this day blowing a gail
 from the Westward at 2 am sail ship
 heading to the Southward quite clear &
 pleasant one head at 7 am set the main
 topsail and at 12 m more moderate set
 fore topsail Bk heading S.W at 430 am
 saw a sperm whale going to the Westward
 still blowing a moderate gail
 this day

Of New Bedford H. P. Smith Master

Tues Jan 9th 10 Obs - Lat $45^{\circ} 12'$ S
 Long $47^{\circ} 12'$ E
 This day comes in more moderate from the
 NW Bk heading to the Westward quite clear
 but over cast & set lower sail. Tails & jib
 quite a swell on at 6 Pm came in heavy
 with strong breeze Bk again lower Tails
 saw nothing so ends look is lower fore Tails

Wed Jan 10th Lat $45^{\circ} 07'$
 Long $47^{\circ} 12'$
 Fore part of V this day shed a fresh sail
 from about West Bk heading to the West
 set lower fore Tails quite pleasant over
 head but some ruffled at 5:30 Pm rose
 a gam of eight Whales 6 or 8 very ruffled
 about a moderate gail did not head at
 7 Pm were ship heading in the
 so ends on opposite Tails

B 4

Thurs Jan 11th Lat $45^{\circ} 10'$
 Long $47^{\circ} 05'$
 This day comes in with strong breezes from
 NW at 7 a.m. rose eight Whales 6 or 8 of them
 perched at 8:30 W.B. struck also L.B. & B.B.
 struck last whale S.B. struck, a mother
 whale and went out side of ship
 went to look for her thought she may
 have got aboard but did not see her at
 9 Pm rose her coming to the ship
 the whale along side at 6:30 Pm all
 L.B. & B.B. returned in board S.B. at 7:30 Pm
 so ends getting ready to set having a moderate
 gail with rain all sail furled

Frid Jan 12th
 This day comes in with a moderate fair,
 from N.W. at 6 a.m. the Fluck Chain
 parted. Mail sail and started on to
 the whale & struck him in the head
 when they got ready & started to
 cut at 11 a.m. at 2 P.m. blowing
 a fair bit the Head & part of
 Boney took Bone out & stored it
 below finished at 7 P.m. also saw 2
 Whales at 7.30 Batten down the Hatchways
 blowing a heavy Gail from N.W. & Rk
 under bare poles heading W.S.W. so
 Bugged could not get the Fluck Chain
 in enough to cut off Fluck's bent
 in a cutting Fall & struck out the
 length of Fall with Chain fast to round
 so ends

Sat Jan 13th No Obs
 This day comes in with a heavy Gail
 from N.W. heading to the S.W.
 under bare poles with the whale fast
 to ship at 4 P.m. cutting Fall parted
 so went the whale & Fluck Chain
 behind part of the first Chain so lost
 one large Chain & piece of another some
 Red Fire Lights at 6 P.m. new ship
 making up the north bearing heavy
 so ends this good luck to start with

Of New Bedford H. O. Smith Master

Sun Jan 14th Lat 45:15 S
 Long 50:01 E
 Fore part of this day still blowing
 a heavy gale from WNW heading to the
 North but is more moderate set lower main
 topsail 4 Am more moderate from about WNW
 heading NW got ready & started the whales
 at 2 Pm set lower foretopsail & jib-hung
 sail on so ends Bailing

Mon Jan 15th Lat 44:56
 Long 49:43
 Fore part of this day calm Bailing
 at 5 Am rose 2 Right Whales & sail
 quite a number of Finbacks at 10 Am
 took a light heelp from the North at 11 a
 m Lured 4 Boats WB struck & got foul
 line head to cut WB struck the whale
 again took him along side at 3 Pm &
 started to cut but 330 finished at
 5 Pm also finished Bailing at 12 m got
 out a cask of Bread salt & Spine Whales
 so ends with over cast weather under lower
 topsails & light rain clearing away the head
 Wind moderate from NE so ends

 This day comes in with fresh breezes from
 the North Bk under all sail heading
 W. N. W. some over cast Employed sent
 down the Shaver Gaff it being strong
 Employed making a keel one got out
 water so ends under short sail

Wed March 14th No Obs
 Fore part of this day nearly calm
 with fog & light rain to work on
 the Shaver Gaff finished it ~~and~~ at
 2 PM sent it up 3 PM fog lifted
 some & took in light air from South
 Bk under short sail

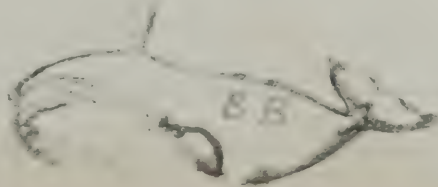

Thurs March 15th
 Fore & middle part of this day light
 breezes from the North Bk under short sail
 heading to the Westward with thick fog
 & light rain took out the Forward keel
 to the L.B. & cut off 20 inches off of heel
 & set it again at it 3 PM fog lifted
 set. Boats steering S.W. so ends under
 short sail heading to Westward

Of New Bedford H. D. Smith Master

Frid March 16th Lat 45° 51' Long 50° 00'
 Fore part of this day blowing a moderate hail
 from N. E. Bk under Larer Topsails heading
 to the Westward over cast at 12 m came
 in thick fog Bk heading to the N at 3 Pm
 Fog lifted saw 2 Finbacks still blowing a
 Moderate hail so ends

Sat March 17th No Obs
 This day Moderate breeze from North Bk
 under easy sail on opposit tack with thick
 Fog all day so ends

Sun March 18th Lat 45° 51' Long 50° 00'
 Fore part of this day fresh breeze from the
 Westward & pleasant kept off Sailing S. by E
 under all sail saw a few Finbacks at 8 30
 rose flag Bk to the S. E at 11 am left to
 the mind of shore at 1 Pm saw 4 Right Whales
 Lough & Beats at 2 pm B.B. & S.B. struck
 each a separate whale took the 2 Whales along
 side at 4 pm and at 5 pm started to cut
 very heavy swell on took the Head of
 one and finished at 7 pm got a fine chain
 on the other and wore ship set Upper
 Topsails heading S by N the Land bearing
 S. E at 6 pm Dist 1/4 miles spatter Bk so
 ends towing off from the Land wind light
 so ends getting the Head cleared & to

Remarks on board Bk. Josephine

Mon March 19th Lat ^S
 Long ^E
 The part of this day moderate from
 the North Haze in sight at 5 a.m.
 started to cut finished at 8 a.m. saved
 the Budge. Employed, clearing away the
 Head & got the bone stowed away
 at 1 P.M. rose a bright whale head
 4 boats BB struck & took the whale
 along side at 4 P.M. got ready &
 started to cut with very hard work
 one cutting fall parted just as the
 Head was coming off got the block up
 from the water & there one old fall
 in place saved some blubber and
 finished at 1030 P.M. then blowing
 a moderate Gail from about N.W.
 at 6 P.M. Sparrows Is. bearing S.E.
 12 miles Bk. heading to the N.E. N.E.
 set Lower Main Topsail at 11 P.M.
 also saw lots of Furbacks so end
 with a Gail

Of New Bedford H. D. Smith Master

Tues March 20th Lat. 44° 52' Long. 67° 15'
 This day comes in with a Gail from NW
 with light rain at 6 am cleared away the
 Head at 10 am weather some better but at
 11 am fore Topset + Jib at 1130 am started
 to boil got the hove stowed away at
 4 pm blowing a Gail again said 5 sperm
 Whales so ends Lower Fore Topdail in

Wed March 21st To Sibs
 Fore part of this day blowing a Gail from
 the Westward heading to the North at 5 pm
 set Lower Fore Topdail more moderate employed
 boiling stowed some oil in After Hull
 so ends boiling Strong heaps

Thurs March 22nd Lat. 44° 52' Long. 68° 28'
 Fore part of this day Strong heaps from NW
 Bk under Topdails heading to the Westward quite
 pleasant finished boiling at 2 pm + finished
 stowing the oil in After Hull 101 bbls After
 Hull full got out water at 6 pm set the light
 sails so ends fine weather

Frid March 23rd
 This day comes in with a moderate Gail
 from the North steering to the Westward
 at 8 am took in Upper Topdails by the
 wind heading to NW came in heavy at 12 pm
 clearing a Gail + thick and light rain
 at 3 pm took in Lower Fore Topdail and at
 4 am were ship heading to the Eastward
 so ends

Remarks on board Bk. Josephine

Lat 44:44 S

Long 48:11 E

Friday January 4th

This day comes in with a gale from NW & W with
Fog & rain took in Fore & Aft Toppails Bk on opposite
tacks at 8 am cleared off with pleasant weather
blowing a gale saw a sperm whale so ends on
opposite tacks more moderate

Lat 44:44 S

Long 48:11 E

Saturday Jan 5th

This day comes in with a moderate gale from
the Westward some over cast & a heavy swell
Bk under Lower Toppails heading to the S W
saw a few Finbacks so ends on opposite tacks

Lat 44:44 S

Long 48:11 E

Sunday Jan 6th

This day comes in with a heavy gale from
NW at 8 am cleared off by a light breeze
saw weather over cast saw a large number of
Finbacks at 3:30 P.M. saw a Right whale in
among the Finbacks saw him 3 or 4 times &
lost sight of him at 6 P.M. by the wind heading
to the Westward under Toppails so ends

Monday Jan 7th

This day comes in with moderate weather from
the South with Fog and rain at 7 am cleared
up set the Toppails with a strong breeze Bk
heading to the S E saw a few Finbacks
at 11 am under Lower Toppails moderate
over cast got out water so ends on opposite
tacks

Remarks on board Bk. Josephine

Tuesday January 30th 1877
 This day began in rain. Heavy night from the
 4th till nine at 10th morning. In P.M. as we
 were going through the straits of the Strait of
 a m. come in smoky weather saw no more of
 the Island at 60th quite foggy not being
 good seeing over 2 miles off under Lane's
 leading S.W. Inadequate light so end in off-shore
 track

Wed Jan 9th
This day comes in with moderate breeze from
the N.W. with foggy weather all day under
topsails on opposite tack and several rainbows
so ends under lower topsails on opposite tack
with fog & rain

Clouds ran 10⁰⁰
This day comes in with moderate weather
from the North with much fog on opposite
sides at 4 PM let up some part fog
Hearing S. Dist 2.5 mile Bk heading to
the NE had Penguin S.D. & 400 Sparrows so X
mild moderate on opposite sides

This day comes in with strong hel's from
 NW at 6 am the Sparrow being 2-8
 Dist 10 miles at 7 am wore ship heading
 to the North at 12 in saw last
 Finbacks Bk under all sails through heaves
 at 6 am heading North under full
 rig land in sight so ends said a Merchant
 ship bound East

Capt. Ben. Beagard & A. D. Smith Master

 N.W. & quite pleasant Bk under all sail
 steering off to the South at 12 M. set
 to the S.W. at 1 Pm heading at 2 Pm heading
 on and getting thick & hazy at 3 Pm
 in the forenoon at 7 Pm set in lower
 Topsail blowing a moderate gale at 9 Pm took
 the lower Main Topsail in blowing a heavy gale
 with some rain & fog so ends

Friday Jan 18th Lat 44:00 S
 Long 47:30 E
 This day comes in with a Gale from the N.W.
 heading to the N.E. at 3 Pm cleared up & more
 moderate set lower Main Topsail but blowing
 a strong gale quite clear over head so ends

Sat Jan 19th Lat 44:00 S
 Long 48:17 E
 This day comes in with a moderate Gale
 from the Westward Bk under lower Main
 & storm staysails heading to the
 S.W. quite clear weather in the forenoon
 nothing in sight so ends this day

On the Redwood H. W. Smith Master

Sunday January 20th Lat 43° 47' S
 Long 49° 39' W
 This day comes in with a moderate Gale from the
 Westward, Bk heading to the South some
 & smoky at 12 m rose a sail off weather bar
 at 10 m more moderate set the Lance Fore Topsail
 & at 3 m set Upur Topsails so ends
 with the Bk C. W. Morgan all weather beam

Mon Jan 21st Lat 43° 49' S
 Long 49° 52' W
 This day comes in with quite pleasant weather
 from the Westward Bk under all sail on
 opposite tack at 8 a m spoke the Bk. Morgan
 and at 10 m saw a small boat with 2 men
 and 10 m down for the Morgan said quite
 a number of Finbacks so ends heading to
 the North under a "Leil"

Tues Jan 22nd Lat 43° 50' S
 Long 50° 00' W
 This day comes in with light breeze from W N
 heading to the West said the Morgan at 4 m
 standing on the opposite tack "some over cast
 middle part calm sent down to main
 in Gallant sail, in repairs. saw a few Finbacks
 this morning employed at various jobs
 at 6 m took a light air from the Westward
 heading to the South gave out sugar to the
 crew Forward Malasses all gone so ends this
 day with light air heading to the Westward

Arrived in Sound Bk. Borephine

Wednesday January 23rd Long 48:48
 Fair part of this day light breeze from
 the Eastward & very pleasant under a
 sail showing NW. By W saw a few Finback
 employed but ships within & etc. as usual
 under short sail

Thursday Jan 24th
 This day comes in with fair breeze from
 the Eastward & our east showing
 at 11 AM at 12 AM came in with
 rain at 2 PM rose a Right Whale Lured
 4 Boats L.O.B. struck took the whale along
 side at 4 PM & started to cut one
 of the ribs & the Miller started but
 put in his hand and finished cutting at
 8 PM took the Boats in for
 clearing away the Head Bk under short
 sail by opposite tack Lower topsails out
 with Fair

Lat 48:32

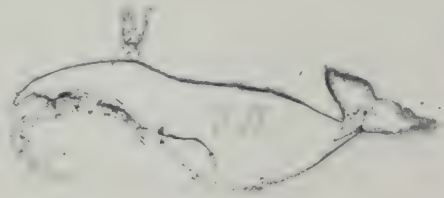

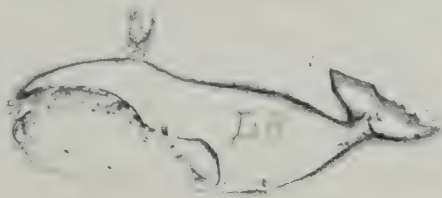

Friday Jan 25th

Long 46:09

This day moderate breeze from SW Bk
 under full sail on opposite tack started the
 works at 2 AM foggy at 8 AM &
 off saw a few Finbacks at 10 AM saw
 4 Right Whales to the windward no cranes
 did not lose whales went out of sight
 to the windward so ends Boiling

G. M. Bedford H. Smith Mares.

Saturday January 26th Long E
 This day comes in with light air & calm
 from 1st till 10th some foggy finished Boiling
 at 1 A.M. at 8 A.M. rose the whale line
 & at 11:30 A.M. struck both the whale
 along side at 11:30 A.M. calm touch and
 next 10 min finished cutting at 2 P.M. from
 the body, stored some tail part of the
 whale down in after state at 3:30
 P.M. for another whale SB struck both
 along side at 5:00 P.M. and both the head
 only finished at 6:30 P.M. Both small
 whales will make about 300 Lbs of Bone.
 The 2 whales to ends moderate started the work
 at 10 P.M. in opposite side

Sun Jan 27th

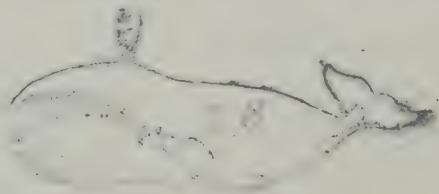

The part of 11 this day Fresh keeps from SW with
 some rain till under Lower Topsails Boiling
 cleared up as usual but still light and
 overcast BK bearing in a Westward line a
 sail discovered 1/2 finished Boiling at 6 P.M.
 about 10 minutes of the day from the other
 work 12 min from the other side so ends in opposite
 side mid light

 This day moderate breezes from the North
 with thick fog all day Bk under short
 sail heading to the westward so ends
 an opposite tack

Thurs Feb 21st
 Fore part of this day light breeze from
 N.W. and thick fog Bk under short
 sail on opposite tacks at 1 P.M. fog
 lifted wind moderate from S.W. sail a
 few furlongs set the light sails started
 a Red Cask of Flour & also so ends with fine
 weather

Lat 41° 00' S
 Long 175° 00' E
 Frid Feb 22nd
 This day comes in with fine pleasant weather
 & light breeze from the westward Bk under
 all sail steering off to the S.E. saw 2
 small boats in the forenoon & the
 mainmast started a cask of oil at 6 P.M. saw a
 small whale & a great one at 6 P.M. saw a
 sperm whale latter part under short
 sail moderate breeze to the eastward

Lat 40° 30' S
 Long 174° 30' E
 Sat Feb 23rd
 This day comes in with light pleasant weather
 from the North under all sail steering to the
 S.W. saw 2 sperm whales & some finbacks
 bent a Red Fly fish at 2 P.M. came
 in strong breeze & some ice cast & happy
 got and water latter part took in fore & main
 blowing a moderate breeze so ends

Off New Bedford H. P. Smith Master

Sunday February 24th Lat 44:39 S
Long 48:45 E
This day comes in with strong breezes from the
Westward with fog & rain at 6 am cleared
up & a fresh breeze from the Southward
at 11 am the sails starting off to
the Eastward at 11 am rose the Bk Ch Morgan
and to morning in the morning saw a sperm
whale & some Finbacks Middle part quite pleasant
and moderate at 7 am spoke the Morgan
so ended under short sail moderate on apparent tack

Mon Feb 25th Lat 44:25 S
Long 49:27 E
This day light pleasant weather from S to S. E.
Bk under all sail on apparent tack the
Morgan in sight off weather became saw a
number of Finbacks employed at various
times so ended under short sail

Tues Feb 26th Lat 44:20 S
Long 49:20 E
This day comes in with fine pleasant weather
from the NE wind very light saw the Morgan
at 6 am at 7 am off hearing S. E. saw
Finbacks started a cask of Pork 46 lbs at 11:30
am rose a Right whale loud & Boats at
12:30 am L.B. went on & darter did not get
last whale settled at 1:30 no wind about calm
saw a mother whale charged off in him with
out success the last whale 2 boats chased
after him L.B. darter no chance all Boats
returned on board at 5 am flat calm
so ended under short sail

Saturday February 27th Lat 51° 15' N Long 10° 15' W
 This day comes in with light breeze from
 the North, going ahead at 5 AM on
 a light breeze but 7 ship fog set in
 about the same time not much more of
 it but at 8 - 3 PM at 6 AM could
 only see the boats from deck and the whole
 of the ship lying about 1/2 mile off. At 10 AM
 found the other 2 boats and took the
 whole along side at 8 AM started to
 get at 10 AM & arrived at 12 PM
 took the water then took fog at 12 PM
 then fog lifted got the boat lowered
 before sail into a line and at
 1 PM started the boat's wind light
 and they went on.

Sunday March 1st
 This day light breeze from the North
 and sail Bailing on opposite
 tack took fog all day started a
 bread apparently not reached in
 back 284 sail too early Bailing some
 foggy

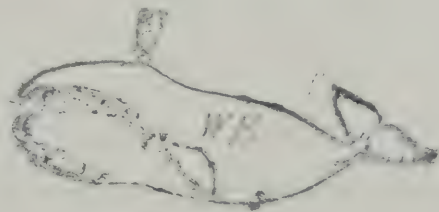

Friday March 1st

This day moderate breeze from the North
 and sail on opposite tack with
 fog & rain all day finished Bailing at 3
 AM & started the sail 7 PM
 weather to see nothing fog here blowing all
 day winds with heavy rain

Wednesday March 13th Lat 44-14 Long 49-59 E
 A very day comes in with strong breeze from NW
 At 11 am apparent tracks weather smoky & hazy
 at 4 am were the land they were then
 heading to the S.W. & at 10 made all sail
 working to the windward on apparent tracks at
 4 PM could not see up the NE end of an
 island & were ship land not visible over 4 miles
 heading to the S.W. also saw Pinguin 38 this
 morning at 6 PM under all sail heading to
 Westward so ends

Thurs March 14th
 This day comes in with strong breeze from
 NW at 12 m were ship heading to the NW
 at 3 am were again heading to the NW
 at 530 am were ship heading E. N. E. Land
 in sight at 6 am come in fog wind light
 at 830 am were ship heading to the Westward
 again at 10 am calm at 10 am let up some
 sail & in back at 3 am a light air from SW
 Stearing NW by W but not enough to get
 strange was some off New Lower &
 Upper Fox Strait Bakers at 6 am nothing
 in sight quite clear no wind so ends

Lat 45:56

Long 49:34

Friday March 15th

Fair past light air and calm, soon the
 S.W. heading to the N.W. at 4 am took
 a reef from N.W. under all sail heading
 to the N.N.E. soon smoky and hazy
 saw lots of Finbacks some of New England
 Hecyards at 12 m kept up S.E. & at
 2 P.M. sighted Stag 33 and at 4 P.M.
 rose a Right Whale towed 4 Boats 33
 Went over the Whale and drove him off
 to the windward returned on board at 8:30
 Right Whale in sight at sun down
 Bk under Topsails heading to the N.E. off
 shore Stag 33 hearing 33.2 East 20 miles
 lots of Finbacks in sight so ends on opposite
 tack

Sat March 16th

This day comes in moderate sun N.W. and
 overcast saw the land Stag 33 hearing
 S by E Bk under Topsails on opposite tack
 saw a few Finbacks at 11 am came in
 with strong heaves and some fog & rain
 at 6 pm wind about N.W. heading N.E.
 no weather to see thick & rainy but not
 waked & shifted ends with the current
 Fall so ends heading to the N.E.
